

### **No consideration of adverse impacts of investment advice on sustainability factors**

As per Article 13 of Commission Delegated Regulation (EU) 2022/1288, LEON MFO Investments Limited (the “**Company**”), in its capacity as a Financial Adviser, for the time being, except as may be otherwise disclosed at a later stage on our website, does not consider principal adverse impacts of investment decisions on sustainability factors in its investment advice, taking due account of the size, nature and scale of the activities and the types of financial products that the Company advises on. The Company may reassess its consideration in the future regarding adverse impacts on greenhouse gas emissions, biodiversity, water, waste, social and employee matters, amongst other sustainability factors.
