The product is GLOBAL Class A Investment Shares (denominated in EUR), a share class of GLOBAL which is an open-ended investment compartment (the "Investment Compartment") of LEON GLOBAL HEDGE FUND RAIF V.C.I.C. PLC (the "Company"). The Company operates as a Registered Alternative Investment Fund with one (1) investment compartment in the form of a variable capital investment company, in accordance with the Alternative Investment Funds Law 124(I)/2018, as amended from time to time (the "AIF Law"). The Company is externally managed by LEON MFO INVESTMENTS LIMITED (the "External Manager"), a private company limited by shares which is authorized to operate as an alternative investment fund manager (license No. AIFM 37/56/2013), in accordance with the Alternative Investment Fund Managers Law 56(I)/2013, as amended from time to time. The Company issues investment shares, which are allocated to the Investment Compartment, and carry non-voting rights, in accordance with the Company's prospectus and relevant offering supplement. Neither the Company nor the Investment Compartment are listed in any regulated exchange market or multilateral facility.

Objective

The Investment Compartment's investment objective is to provide you with the opportunity to invest in a diversified Portfolio of investment hedge funds with the view of generating returns to investors from capital appreciation. The Company will seek to achieve its objectives in accordance with the policies and guidelines set by the External Manager. To achieve this, the External Manager adopts a flexible asset allocation strategy through investments in a diversified portfolio of external investment hedge funds, with at least 50% usually being invested in hedge funds with alternative private credit strategies with alternative liquid credit strategies. The remainder of the Portfolio is predominantly invested in arbitrage and trading hedge funds strategies. By means of mitigating the impact of possible currency fluctuations, the External Manager may pursue hedging strategies to reduce the possibility of loss suffered in/by (a) the value of the currency of investments denominated in a currency other than the designated base currency of the Investment Compartment (denominated in USD) and (b) by Investors investing in classes of investment shares whose base currency is different from the base currency of the Investment Compartment. Secondary investment strategies may also be pursued in order to create a risk diversified strategy. Further information in relation to the investment objectives are outlined in the Prospectus of the Company and respective Offering Supplement.

The Investment Compartment is subject to investment restrictions and limits as further elaborated in the Company's Prospectus and the Investment Compartment's respective Offering Supplement.

Intended Retail Investor

Apart from professional investors (as defined in the Second Appendix of the Investment Services and Activities and Regulated Markets Law 87(I)/2017 as amended from time to time), this product is also suitable for retail investors who (i) have medium risk appetite; (ii) qualify as well-informed investors (as defined in the AIF Law); (iii) who understand the Investment Compartment's risks; and (iv) who are seeking returns over the medium to long term horizon. The investor's objective for this investment should be aligned with the objective of the product as outlined above and in the Investment Compartment's offering supplement.

Terms of the Product

This investment has no maturity date. There are circumstances under which the External Manager may be entitled to terminate the investment in the Investment Compartment unilaterally. Circumstances under which the termination of the Investment can occur include, inter alia, the investment being held for the benefit of an ineligible investor or being acquired in breach of any applicable laws or the termination of the investment would eliminate the exposure of the Company to any tax and/or regulatory adverse consequences.

What are the risks and what could I get in return?

1	2	3	4	5	6	7
Lower risk						Higher risk
Typically, lower rewards						Typically higher rewards

The above indicator illustrates the risk category of the fund. The risk category shown is not guaranteed and may shift over time. The risk indicator is calculated using historical data which, however, may not be a reliable indicator for the future. The risk/reward indicator illustrates the fluctuations of the performance of the specific investment strategy based on the data from the last 5 years. The classification of the fund in the specific risk category due to the low to medium previous price fluctuation of its assets. The following risks are materially relevant to the fund and may be not adequately captured by the indicator:

- **Currency risk:**
 - Your investment may be affected by fluctuations in the rates of the different currencies, so the final return you will get depends on the exchange rate between the two currencies
- **Emerging Markets Risk:**
 - The risk linked to investing in emerging markets involves additional risks and special considerations not typically associated with investing in other more established economies or markets.
- **Credit risk:**
 - The risk that an issuer of a bond may default on its obligations to pay interest and repay the principal.
- **Operational risk:**
 - The risk due to human error or omission, system disruptions or external events.
- **Derivative instruments risk:**
 - The risk linked to the use of financial derivatives whose value depends on the value of an underlying asset.

For more detailed information of all the risks the fund is exposed to, please refer to the section Risk Factors section in the Prospectus and the Offering Supplement of the Investment Compartment respectively.

Sustainability Risks

The RAIF is not expected to qualify as sustainable. The External Manager is committed to integrating sustainability risks into its investment decision-making process and in its investment advice to the minimum extent, as required by Regulation (EU) 2019/2088 ("SFDR") and Commission Delegated Regulation (EU) 2022/1288. However, the External Manager does not consider the principal adverse impacts of its investment decisions or of its investment advice on sustainability factors. The External Manager may reassess its consideration in the future in regards to adverse impacts and sustainability objectives.
