

# LEON MFO INVESTMENTS: BUILDING FOR THE FUTURE

2024 was a year of new developments and growth for Leon MFO Investments. Here's a look at some of our key achievements:

## 1. Introducing New Investment Strategies

In 2024, we launched a couple of new investment strategies that integrate in-depth market analysis, advanced financial modeling, and a focus on diversified growth.

## 2. Launching an Actively Managed Certificate (AMC) for Professional Investors

Another development was the launch of our first AMC, a product that is designed for professional investors and offers flexibility and access to a high-quality, actively managed portfolio. In 2025, we will develop additional AMCs offering unique investment strategies as an alternative to traditional fund structures.

## 3. Expanding Our Reach to New Markets

In line with our vision to grow regionally, in 2024 we started offering our funds in six countries: Greece, Bulgaria, Romania, Croatia, Hungary, and Switzerland. These markets present opportunities, with growing demand for investment funds and sophisticated solutions. Our goal is to promote our funds and services on a broader regional scale.

## 4. Moving to a New Office to Support Growth

We relocated to a new, state-of-the-art office space that can accommodate our expanding team and operational needs and inspire creativity and productivity.

## 5. Received Prestigious Euromoney Awards

Leon MFO Investments won several prestigious awards at the Euromoney Global Private Banking Awards 2024, including the following categories:

- Cyprus' Best for Ultra High-Net-Worth
- Cyprus' Best for Discretionary Portfolio Management
- Cyprus' Best for Family Office Services

## 6. Speaking at International Investor Events

Members of our team were speakers and panelists at various events, sharing our expertise and insights into new trends shaping the investment industry. We actively participated in the following events: Best Invest Congress in Limassol, CIFA Roadshow "Cyprus as a Funds Jurisdiction" in Athens, BAS Pensions Forum in Sofia, Annual Forecasting Event of CFA Greece, the Economist Event in Sofia, the annual Julius Baer event for intermediaries in Geneva.
